### EULOGY OF PLEASANT

The writer's attention was drawn to the eulogy in last week's paper by the Millerton correspondent of the play delivered by Millerton in Dimsdale recently. The writer endorses his praise. It was an enjoyable evening. The acting was splendid. The supper was ample and tempting. So many for Millerton. Dimsdale, we are told, should invest in a m.p. Duet in our hall made visible. The singing was fine. Not being a dance enthusiast, the writer hereof is not a dancer, and an expert in opinion, pro or con. One point of which we are sure, though, is that the play was a splendid opportunity to thank us for the free use of the above mentioned hall. The play, I hope, has been profitable enough to suggest that the enhanced profits rendered by a neighborly act should have the light of a sweetly charitable feeling under that invisible.

Mr. and Mrs. Fred Dewhurst were visitors at D. Dana's last Sunday. Fred and Dave went fishing, and came back empty handed. Mrs. Dewhurst said the fish were on the wrong end of the pole.

Mr. J. Loy has finished brushing and is now waiting for the rain to patch to start on next.

Mr. Fredy Darton made the rounds last Sunday to see how everything was going and went home quite satisfied that all was well.

Mr. Paul Bluet and Bowman started for Grande Prairie about supper time and expect to have breakfast in town. Bowman has been out here a week having to think they are all too high.

Walter Thiel heading for home in the rain and half an hour later arrived at the same place he started from.

John Watson keeping his ears open for news of the next dance at Deloit, better luck next time, John.

In spite of the heavy decrease in Canadian exports of wheat to France in the past two years, this community has not been affected.

THE PRIDE OF BRITAIN'S AIR PASSENGER SERVICE STARTS MAIDEN FLIGHT

The Imperial Airways' new liner, "Scylla," is seen starting on her maiden voyage from Croydon, London, to Paris. This, the latest and most modern craft of its kind, carries 38 passengers in addition to a large crew, and has three saloons. Its four engines develop 600 h.p. and can drive the machine, fully loaded, at a rate of 130 miles per hour. The small picture, inserted, gives a good idea of the size of the giant plane as a steward stands beside one of the wheels.

ALFONSO AND VICTORIA BEFORE MARRIAGE

BEFORE DEPARTURE

DURING AUDIENCE AT VATICAN

## ALFONSO DENIES REPORT OF MARITAL RIFT IN SPANISH ROYALTY

Little credence was placed in the Paris report that ex-King Alfonso of Spain was seeking an annulment from ex-Queen Victoria, and the story died a natural death after vigorous denial by Alfonso. It is recalled that a similar rumor was widely circulated when the then Spanish ruler visited the Vatican in 1926. The marriage between the granddaughter of Queen Victoria, England's beloved monarch, and Alfonso, who was born a king, took place 28 years ago, and was believed at the time to be the climax of a real romance. Since their exile from Spain, the ex-rulers have lived apart, Alfonso preferring to roam through African jungles after big game rather than live in Paris in the comparative obscurity chosen by his consort.

CANADIAN SCHOOLBOYS CREW TO COMPETE AT PHILADELPHIA

Here is the Humber Street Collegiate eight, Toronto, which will compete in the Franklin Trophy Regatta contests at Philadelphia. For three years these boys have rowed together and during that time have scored twenty-one victories, as an eight or nine-four, which includes many championships. In weight they average about 150 pounds and everyone of the boys is determined that the United States' title will come back to Canada, if humanly possible.

The Straits Settlements legislative council adopted a bill restricting rubber production in conformity with the London agreement.

France and Great Britain plan to consider jointly the problem of debt owed to the United States at a meeting of experts in Geneva.

Forty aborigines and whites have perished in western Australia, victims of a mysterious disease, the Daily Herald's Australian correspondent has called.

The body of Sam Behan, Portsmouth penitentiary convict who died suddenly of a heart condition, has been claimed by his widow and has been sent to Brooklyn, N.Y.

Half a million plovers fry were deposited recently in the Moose Jaw River at the Wild Animal Park by officials of the Department of Natural Resources.

Definite adoption of a pacifist attitude and commitment of the organization of public opinion in the interests of peace was made at Toronto at the conference of the Association of Canada Clubs.

Birth of Five daughters to Mrs. Oliva Dienne near Calabaz, Ont., is the first multiple birth in Canada, so far as is known. Dr. F. C. Routley, general secretary of the Canadian Medical Society, said.

HONOLULU, June 7.—With life-boats swung out from davits, the liner President Lincoln raced safely into port at dawn today after a 150-mile dash while steaming shot live steam into her hold and controlled a fire which threatened the ship during the night. Her 172 passengers crowded the decks as the Lincoln entered the harbor and docked. Following in the wake of the Lincoln were the coast-guard cutter Itasca and the United States navy tug Sumner, which stood by through the night ready to give aid if needed.

WINNIPEG, June 7.—Rainfall in outside markets, dogged by rain in the northwestern United States and forecasts of heavy Argentine shipments, combined with lack of aggressive demand, lowered wheat futures prices on the Winnipeg Grain Exchange today. Futures closed the day with net losses of 1/4 cent. July wheat, closed at 76 1/2, with October at 75 1/2. Aside from a little selling by southern interests in the early trading, operations were mixed and light. Prices started about 1 1/2, cent lower and managed to recover about 1/4 cent.

## BRITAIN SELLS RECONDITIONED AEROPLANES FOR \$200 EACH

Aeroplanes, entirely reconditioned and capable of doing 120 miles an hour, price—\$200. The British air ministry has sold many of these aeroplanes at prices usually given for second-hand cars. They were originally cost \$200,000 and were built as fighters, with engines which cost at least \$5,000. They are in perfect condition and are almost as airworthy as when new.

There is one which is now on offer for \$250, but for the extra \$50 you get a spare engine, two spare wings and the all-important certificate of airworthiness. The engines are of a world-famed make and in tip-top condition. These machines and engines are obtainable at these crazy prices because they have been superseded by later fighting models. While light aeroplanes can be used fairly cheaply, these powerful machines cost so much to run that few private owners can afford to run them.

OTTAWA, June 7.—It has been widely reported that the public works program will not be brought down until after the pending provincial elections in Ontario and in St. Catharines, and the idea finds some support in Mr. Bennett's answer to Mr. King's suggestion for expenditure. The suggestion is that to announce the program before these elections might be construed as an attempt to "bribe the people with their own money."

Another story is going around that the program is much more modest than many have supposed and that financial conditions have made great and destructive inroads in the voluminous suggestions of members of parliament for public undertakings here and there. The suggestion is that the relatively modest character of the program, rather than its extent, may be a factor in holding it back.

OTTAWA, June 7.—The Commons agricultural committee today reported in favor of separate grades for Garnet wheat, to be known as Garnet No. 1 and Garnet No. 2 going into effect on August 1, 1935. The bill provides that the No. 1 and No. 2 Garnet will be on virtually the same basis as No. 1 and No. 2 Northern. No. 1 Garnet will have a minimum weight of 60 pounds per bushel. No. 2 a minimum of 58 pounds. Both grades are restricted to Garnet, with five per cent allowance of wheat of other classes for No. 1 and ten per cent for No. 2.

WASHINGTON, June 7.—Red blotches, denoting blight, covered a large part of the map behind President Roosevelt's desk today as the United States government struggled with the drought in two ways: (1) More food, more money, more clothing promised victims of the calamity. (2) Long range planning to soften such cruelties of nature was declared necessary. The President feels the drought is approaching the proportions of a major disaster. A survey by the Department of Agriculture said it would "materially effect the national food supply," but did not mean a shortage.

CHICAGO WHEAT CHICAGO, June 7.—Virtual breaking of the drought in the Dakotas, Minnesota and Montana brought about decidedly lower prices for wheat to-day. Wheat closed at 1 1/2, cent to 1 3/4, under yesterday's finish.

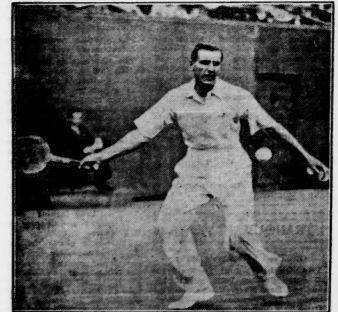

KAYE DON HAS A BAD SMASH

While preparing for the "Round the Houses Race" at the Isle of Man, Kaye Don, noted English automobile racer, was seriously injured. This race is similar to a number of other races held in Europe in that the competitors have to race around the town, making hairpin bends at top speed, in addition to travelling at a tremendous rate along narrow roads. The Isle of Man is considered to be the most difficult island in the world for the racing motorist, because of its precipitous hills and winding roads.

## Gleanings of Interest To the Women Folks

BY THE GLEANER

Mrs. Keys entertained several of her friends at afternoon tea on Friday.

The W. A. met at the home of Mrs. Parent on Wednesday afternoon of last week.

Last Saturday several friends spent a pleasant evening at the home of Mrs. Joe Crampton.

**VERANDA TEA AT MRS. O'BRIEN'S**  
The United Church Women's Missionary Society are holding a veranda tea at Mrs. O'Brien's on Friday afternoon.

**SERVED TEA TUESDAY**  
Mrs. C. Fleming's mother, Mrs. Thompson, entertained a number of friends to afternoon tea on Tuesday of this week.

**SPENT HALF-HOLIDAY PICKNICKING AT LAKE**  
Miss Garrett, Miss Smith, the Misses Edgar, the Misses Davies, and Bob Davies had a good time at Bear Lake picknicking on Wednesday afternoon.

**SUNDAY SCHOOL PICNIC AT BEAR LAKE SATURDAY**  
Christ Church Sunday school picnic will be held next Sunday afternoon, June 16, at Bear Lake. A big time is being looked forward to, both by youngsters and grown-ups.

**LADIES' AID HELD SHOWER**  
The Ladies' Aid met at the home of Mrs. D. W. Patterson on Wednesday afternoon and enjoyed the routine meeting with a miscellaneous shower for little Master Paul Quinlan.

**ENTERTAINS IN HONOR OF EDMONTON GUEST**  
Mrs. L. Austin entertained a few friends at tea on Friday afternoon last in honor of Mrs. Chas. Field of Edmonton. Those present: Mrs. V. Tanner, Mrs. A. Field, Mrs. Chapman, Mrs. Housfield, Mrs. Welch.

**SPEND WEEK-END ACROSS THE SMOKEY RIVER**  
Mrs. Roy Fitzgerald and the Misses Edgar left on Saturday evening for the Davis farm across the Smoky where they spent the week-end. Mrs. Fitzgerald stayed on until Thursday when Miss M. Davies and her little sister, Lou Ann, who have been visiting with the Misses Edgar, returned home. Their brother, Bob, has a temporary job in town.

**TWO FAREWELL PARTIES FOR POPULAR YOUNG LADY**  
Miss Adina Krantz, popular young lady from Hythe, left for Erickson, Minn. on Friday, June 8, where she will visit with relatives and many friends.

Having been employed in Grande Prairie for the past two years, she is well known among the young people who wish her a pleasant journey and hope she will soon return.

Two farewell parties were given in her honor: one by her many friends in Grande Prairie, the other by her friends at home.

Miss Krantz will have the pleasure of seeing her old home again.

Her friends here wish her luck on her trip and feel quite sure she will be back again in the fall.

**HOUSEHOLD HINTS**  
Sending Hints in a Pan-Parade  
The smallest size of pot mender sold is too cumbersome for repairing a pin hole. From study can be used most effectively for this type of hole. Simply put the smaller half of the press stud through the tiny hole, then hammer lightly to flatten the knob like a rivet. These are quite infallible and never work loose or fall out—they are effective, neat and inexpensive too.

**THE SEAT OF THE SCORNFUL**  
Those are "Christian" people who make a jest of goodness, faithfulness and truth, who are very chary of giving any praise, but very ready to find fault; who use bitter and biting words of condemnation.

Of what use is their so-called Christianity to them if it cannot make them kind and tolerant and helpful? If it cannot soften a bitter tongue? Among those who are counted

"blessed" are those who do not "sit in the seat of the scornful" (First Psalm), but those who have gentleness and patience and long-suffering and meekness, and "the ornament of a quiet spirit."

**THE CAMELION HUMPH—THAT IS BLACK AND BLUE**  
Depression is usually the result of being tired and getting one's values all wrong. Alone, one can rest and build up one's energies. What one does depression is much more easily relieved.

When tumultuous voices close me round, shutting me in on all sides, come to me, oh Lord of Silence, with Thy presence and rest."

Try to restore your mental circulation by revising a happy memory. Remember that there are many people much worse off than you are and make a mental list of the things you owe for which you ought to be thankful.

If your inferiority complex is making you grovel in spirit, then, if you can admit you have honestly done your best, you have nothing to be ashamed of.

"Do what you can! Be what you can! Show like a glow-worm, if you cannot be a star; like a pulley, if you cannot be a crane."

Be a wheel-ranger, if you cannot drive the train."

Breathe deeply—apart from its physical virtues, there's a distinct tonic in deep breathing. It makes you feel braver and braver and gives you new courage and a fresh outlook.

Now have the blues gone? **GREAT THOUGHTS**  
The latest theory is that plants can think. Some man who thinks that the world revolves round himself may not always be correct—he may have been oversteering.

**What One Girl Wore:**  
By Betty Brownlee  
It's a cotton summer suit. Morning, noon and night we can meet every occasion of the summer day clad for fashion. For morning wear there are lovely plaid gingham, striped percale, plaids, and flannels that are fresh and crisp to look at and comfortable to wear.

Afternoon wear is fitted again in linen—but this time in a dressier form. Or perhaps we prefer a dainty dress or sport suit—either a youthful dotted Swiss model.

And evening wear? There's cooler and cooler in plaid organza, tailored pique, or sheer cotton crepe. The printed organza in use this season to fashion some of the formal frocks are especially attractive. Bright colors and white backgrounds are cheerful and effective.

The white pique coat has become almost a necessary addition to the summer wardrobe. It may be worn for sports occasions, but it's equally appropriate for formal occasions.

The girl who loves a tailored suit but finds that her spring model is rather worn as the days grow longer, will find pleasure in one of the new cotton models. There are other models of linen, pique or sheer crepe that are lovely.

Starched today is a charming suit of grey heavy crease linen. The short skirt features four patch pockets and a yoked front and back. The skirt is straight and slim and is worn with a navy fawn blouse printed with a grey pin dot.

Next comes a navy and a leather bag of the same color complete the effective ensemble.
